PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 23 NUMBER 1 JULY 1985

CONTENTS

Articles

Scopolamine degrades spatial working memory but spares spatial reference memory: Dissimilarity of anticholinergic effect and restriction of distal visual cues.
BEATTY, W. W. and R. A. BIERLEY 1

Effect of dopamine agonists and fenfluramine on discriminative behavior in obese and lean Zucker rats.
SCHECHTER, M. D. and J. A. FINKELSTEIN 7

The quasi-morphine withdrawal syndrome: Effect of cannabinol, cannabidiol and tetrahydrocannabinol.
CHESHER, G. B. and D. M. JACKSON 13

Benzodiazepine-receptor mediated inhibition of isolation-induced aggression in mice.
SKOLNICK P., G. F. REED and S. M. PAUL 17

Disregulation of hypothalamic-pituitary-adrenal axis in the mentally retarded.
SANDMAN, C. A., J. BARRON and L. PARKER 21

Blockade of peripheral beta-adrenergic receptors fails to suppress the cerebral spread of an engram in mice.
CHURCH, A. C., J. B. FLEXNER, L. B. FLEXNER and T. C. RAINBOW .. 27

Chlordiazepoxide enhances the anxiogenic action of CGS 8216 in the social interaction test: Evidence for benzodiazepine withdrawal?
FILE, S. E. and S. PELLOW 33

The conditioned place preference is affected by two independent reinforcement processes.
WHITE, N. M. and G. D. CARR 37

Reduced head-twitch response to quipazine of rats previously treated with methiothepin: Possible involvement of dopaminergic system.
DALL'OLIO, R., A. VACCHERI and N. MONTANARO 43

Age of testing as a factor in the behavioral effects of early lead exposure in rats.
ROSEN, J. B., R. F. BERMAN, F. C. BEUTHIN and R. T. LOUIS-FERDINAND 49

Reproductive physiology and behavior in the male rat following acute and chronic peripheral adrenergic depletion by guanethidine.
STEFANICK, M. L., E. R. SMITH, D. A. SZUMOWSKI and J. M. DAVIDSON 55

The role of central noradrenergic neurons in electroconvulsive shock-induced muricide inhibition in olfactory bulbectomized rats.
LIOU, S. Y., S. SHIBATA and S. UEKI 65

Prostanoid modulation (mediation?) of certain behavioral effects of ethanol.
SEGARNICK, D. J., D. MANDIO CORDASCO and J. ROTROSEN 71

Rate-dependency and hyperactivity: Methylphenidate effects on operant responding.
RAPPORT, M. D., G. J. DuPAUL and N. F. SMITH 77

Effects of tunnel maze complexity on caffeinic hyperactivity in the rat.
OETTINGER, R., J. R. MARTIN, E. ROSENBERG and K. BÄTTIG 85

Genetic differences in daily rhythms of pain sensitivity in mice.
CASTELLANO, C., S. PUGLISI-ALLEGRA, P. RENZI and A. OLIVERIO ... 91

Suppressant effect of REM sleep deprivation on neophobia in normal rats and in rats with selective DSP-4 induced damage of locus coeruleus neurons.
MOGILNICKA, E., C. G. BOISSARD, C. HUNN and A. DELINI-STULA 93

Acute and chronic behavioral interactions between phencyclidine (PCP) and amphetamine: Evidence for a dopaminergic role in some PCP-induced behaviors.
GREENBERG, B. D. and D. S. SEGAL 99

Central serotonin neurones in avoidance learning: Interactions with noradrenaline and dopamine neurones.
ÖGREN, S.-O. 107

Selective memory loss following nucleus basalis lesions: Long term behavioral recovery despite persistent cholinergic deficiencies.
BARTUS, R. T., C. FLICKER, R. L. DEAN, M. PONTECORVO, J. C. FIGUEIREDO and S. K. FISHER 125

The role of trazodone metabolism in its inhibitory action on avoidance response.
SANSONE, M., M. MELZACKA and J. VETULANI 137

Brief Communications

Biphasic effects of chronic nicotine treatment on hypothalamic immunoreactive β-endorphin in the mouse.
ROSECRANS, J. A., J. S. HENDRY and J.-S. HONG 141

Erythrocyte differentiation of naturally occurring isotopic lithium abundances.
LIEBERMAN, K. W., C. CHEN, J. MANN and R. RUBINO 145

Effect of decapitation and stress on some plasma electrolyte levels in rats.
CONAHAN, S. T., S. NARAYAN and W. H. VOGEL 147

Announcements 151

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 23 NUMBER 2 AUGUST 1985

CONTENTS

Involvement of brain histamine in Δ_9-tetrahydrocannabinol tolerance and withdrawal.
VERBERNE, A. J. M., M. R. FENNESSY, S. J. LEWIS and D. A. TAYLOR 153

Behavioral effects of pergolide mesylate on food intake and body weight.
GREENE, S. B., D. MATHEWS, E. M. HOLLINGSWORTH and C. P. GARBIN 161

Benzodiazepine-induced hyperphagia in the nondeprived rat: Comparisons with CL 218,872, zopiclone, tracazolate and phenobarbital.
COOPER, S. J. and W. R. MOORES 169

Stressor invoked exacerbation of amphetamine-elicited perseveration.
ANISMAN, H., B. HAHN, D. HOFFMAN and R. M. ZACHARKO 173

Gammahydroxybutyric acid: Central biochemical and behavioral effects in neonatal rats.
HEDNER, T., J. HEDNER, K. IVERSEN, P. WESSBERG and P. LUNDBORG 185

Changes in drug sensitivity following acute and chronic exercise.
McMASTER, S. B. and J. M. CARNEY 191

Chronic administration of sulbutiamine improves long term memory formation in mice: Possible cholinergic mediation.
MICHEAU, J., T. P. DURKIN, C. DESTRADE, Y. ROLLAND and R. JAFFARD 195

Differential effect of naloxone on food and self-stimulation rewarded acquisition of a behavioral response pattern.
VAN WOLFSWINKEL, L. and J. M. VAN REE 199

Effects of neuroleptics displaying antidepressant activity on behavior of rats in the forced swimming test.
GÓRKA, Z. and K. JANUS 203

Asymmetric behavior induced by enkephalinergic agents in the basal ganglia.
GEULA, C. and D. ASDOURIAN 207

Studies on brain monoamine neurotransmitters in mice after prenatal exposure to barbiturate.
YANAI, J., P. Y. SZE, C. ISER and E. MELAMED 215

Chronic ethanol intake modifies estrous cyclicity and alters prolactin and LH levels.
SANCHIS, R., A. ESQUIFINO and C. GUERRI 221

Effects of subchronic administration of soman on acquisition of avoidance-escape behavior by laboratory rats.
GELLER, I., R. J. HARTMANN, JR. and E. M. GAUSE 225

The effects of clozapine on shuttle-box avoidance responding in rats: Comparisons with haloperidol and chlordiazepoxide.
SANGER, D. J. 231

Effects of caffeine and chlor-desmethyldiazepam on fighting behavior of mice with different reactivity baselines.
TRAVERSA, U., L. DE ANGELIS, R. DELLA LOGGIA, M. BERTOLISSI, G. NARDINI and R. VERTUA 237

Role of dopaminergic system(s) in mediation of the behavioural effects of bombesin.
MERALI, Z., S. JOHNSTON and J. SISTEK 243

Specific antagonism by RO 15-1788 of benzodiazepine-induced increases in food intake in rhesus monkeys.
FOLTIN, R. W., S. ELLIS and C. R. SCHUSTER 249

Food-related stimuli increase the ratio of 3,4-dihydroxy-phenylacetic acid to dopamine in the hypothalamus.
SIMANSKY, K. J., K. A. BOURBONAIS and G. P. SMITH 253

Attenuation of cyclophosphamide-induced taste aversions in mice by prochlorperazine, Δ^9-tetrahydrocannabinol, nabilone and levonantradol.
LANDAUER, M. R., R. L. BALSTER and L. S. HARRIS 259

Sociosexual behaviors of female rats during and after chronic treatment with the sympatholytic agent guanethidine.
EMERY, D. E. 267

A single gene difference determines relative susceptibility to caffeine-induced lethality in SWR and CBA inbred mice.
SEALE, T. W., P. JOHNSON, T. H. RODERICK, J. M. CARNEY and O. M. RENNERT 275

Reduction of nicotine-induced hyperactivity by pCPA.
FITZGERALD, R. E., R. OETTINGER and K. BÄTTIG 279

A possible role of a GABAergic mechanism in the convulsant action of RO5-4864.
RASTOGI, S. K. and M. K. TICKU 285

Sensory blockade of smoking satisfaction.
ROSE, J. E., D. P. TASHKIN, A. ERTLE, M. C. ZINSER and R. LAFER ... 289

Pharmacokinetics of morphine in striatum and nucleus accumbens: Relationship to pharmacological actions.
MELZACKA, M., T. NEßELHUT, U. HAVEMANN, J. VETULANI and K. KUSCHINSKY 295

Separate neural substrates of the locomotor-activating properties of amphetamine, heroin, caffeine and corticotropin releasing factor (CRF) in the rat.
SWERDLOW, N. R. and G. F. KOOB 303

Temperature dependence of ethanol depression: Linear models in male and female mice.
ALKANA, R. L., D. C. BOONE and D. A. FINN 309

Pyrazoloquinoline benzodiazepine receptor ligands: Effects on schedule-controlled behavior in dogs.
SHANNON, H. E. and W. A. THOMPSON 317

A test battery for measuring nicotine effects in mice.
MARKS, M. J., E. ROMM, S. M. BEALER and A. C. COLLINS 325

Announcements 331

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 23 NUMBER 3 SEPTEMBER 1985

CONTENTS

Articles

Effect of amygdaloid lesions on ethanol intake in rats.
KOLAKOWSKA, L., C. LARUE-ACHAGIOTIS and J. LE MAGNEN 333

Ethanol withdrawal tremor does not interact with physostigmine-induced tremor in the rat.
GOTHONI, P. 339

The effect of opiates and naloxone on food intake in virgin and lactating rats.
WAGER-SRDAR, S. A., B. A. GOSNELL, J. E. MORLEY and A. S. LEVINE 345

Comparison of regional CNS ligand binding in two inbred rat strains: Effects of chronic morphine.
COOPER, D. O., K. R. CARLSON and J. W. McKEARNEY 349

Comparative effects of cathinone and amphetamine on fixed-interval operant responding: A rate-dependency analysis.
GOUDIE, A. J. 355

Effects of an ACTH 4–9 analog on auditory evoked brainstem responses and middle latency responses.
BORN, J., G. FEHM-WOLFSDORF, D. J. NAGEL, K. H. VOIGT and H. L. FEHM 367

Inheritance of amphetamine-induced thermoregulatory responses in inbred mice.
SEALE, T. W., J. M. CARNEY, P. JOHNSON and O. M. RENNERT 373

Methylphenidate effects on activity-stress gastric lesions and regional brain noradrenaline metabolism in rats.
GLAVIN, G. B. 379

REM sleep deprivation decreases the grooming and shaking behaviour induced by enkephalinase inhibitor or opiate withdrawal.
UKPONMWAN, O. E., A. L. v. D. POEL-HEISTERKAMP and M. R. DZOLJIC 385

Effects of 2% sodium chloride inbibition on various opiate related hyperphagic conditions.
BRYANT, H. U., M. T. LOWY, P. V. MALVEN, T. D. STEELE and G. K. W. YIM 391

Prenatal antiandrogen feminizes behavioral but not neurochemical response to estrogen.
DOHANICH, G. P., J. A. WITCHER and L. G. CLEMENS 397

Interactions between toluene and alcohol.
PRYOR, G. T., R. A. HOWD, E. T. UYENO and A. B. THURBER 401

Low doses of methylnaloxonium in the nucleus accumbens antagonize hyperactivity induced by heroin in the rat.
AMALRIC, M. and G. F. KOOB 411

Behaviorally equivalent stressors differentially modify the monoamine altering property of *d*-amphetamine.
KLAUENBERG, B. J., M. S. KLEVEN and S. B. SPARBER 417

Drug discrimination and cross generalization between two methylxanthines.
MODROW, H. E. and F. A. HOLLOWAY 425

Hypothalamic sites sensitive to morphine and naloxone: Effects on feeding behavior.
WOODS, J. S. and S. F. LEIBOWITZ 431

Prenatal nicotine affects fetal testosterone and sexual dimorphism of saccharin preference.
LICHTENSTEIGER, W. and M. SCHLUMPF 439

Differential effects of selected dopaminergic agents on locomotor activity in normotensive and spontaneously hypertensive rats.
HYNES, M. D., D. H. LANGER, D. L. HYMSON, D. V. PEARSON and R. W. FULLER 445

Discriminative stimulus properties and schedule effects of fencamfamine in rats.
RISNER, M. E., P. A. JACKSON-SMITH and E. J. CONE 449

Comparison of abstinence syndromes following chronic administration of mu and kappa opioid agonists in the rat.
YOUNG, G. A. and N. KHAZAN 457

Patterns of exploration in rats distinguish lisuride from lysergic acid diethylamide.
ADAMS, L. M. and M. A. GEYER 461

Effects of valproic acid and ethosuximide on the responding of pigeons maintained under a multiple fixed-ratio fixed-interval schedule of food delivery.
POLING, A., M. PICKER, D. GROSSETT and D. VANDE POLDER 469

Convulsive thresholds and severity and the anticonvulsant effect of phenobarbital and phenytoin in adult rats administered 6-hydroxydopamine or 5,7-dihydroxytryptamine during postnatal development.
WALLER, S. B. and G. G. BUTERBAUGH 473

A rapid and simple behavioural screening method for simultaneous assessment of limbic and striatal blocking effects of neuroleptic drugs.
LJUNGBERG, T. and U. UNGERSTEDT 479

Chlordiazepoxide and successive discrimination: Different effects on acquisition and peformance.
McNAUGHTON, N. 487

Brief Communications

Effects of intracerebroventricular administration of methyl naloxonium chloride on heroin self-administration in the rat.
VACCARINO, F. J., H. O. PETTIT, F. E. BLOOM and G. F. KOOB 495

Effects of naloxone on heroin-, amphetamine- and caffeine-stimulated locomotor activity in the rat.
SWERDLOW, N. R., F. J. VACCARINO and G. F. KOOB 499

Announcements 503

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 23 NUMBER 4 OCTOBER 1985

CONTENTS

Articles

Low-frequency septal stimulation increases tyrosine hydroxylase activity in the hippocampus.
GRAHAM-JONES, S., L. HOLT, J. A. GRAY and M. FILLENZ 489

Operantly conditioned running:
Effects on brain catecholamine concentrations and receptor densities in the rat.
DE CASTRO, J. M. and G. DUNCAN 495

Effect of progesterone upon adenylate cyclase activity and cAMP levels on brain areas.
COLLADO, M. L., G. RODRÍGUEZ-MANZO and M. L. CRUZ 501

Intraseptal morphine potentiates pentobarbital narcosis and hypothermia in the rat.
FATHERAZI, S., H. LAI, S. KAZI and A. HORITA 505

Effect of fenfluramine on GDP-binding to brown adipose tissue mitochondria.
LUPIEN, J. R. and G. A. BRAY 509

Caffeine-induced taste aversion and mimetic responses.
WHITE, B. C. and F. D. MASON 515

Effects of *d*-amphetamine and of β-phenylethylamine on fixed-interval responding maintained by self-regulated lateral hypothalamic stimulation in rats.
GREENSHAW, A. J., D. J. SANGER and D. E. BLACKMAN 519

Residual quantities of streptomycin sulfate in haemolymph and tissue of *Heliothis virescens* reared on treated diet.
SIKOROWSKI, P. P. and A. C. THOMPSON 525

One-way generalization of clonidine to the discriminative stimulus produced by cocaine.
WOOD, D. M., H. LAL, S. YADEN and M. W. EMMETT-OGLESBY 529

The role of endogenous opioid peptides in the effects of constant illumination on reproductive function in the rat.
HULSE, G. K., G. J. COLEMAN, D. L. COPOLOV and V. W. K. LEE 535

Norepinephrine, clonidine, and tricyclic antidepressants selectively stimulate carbohydrate ingestion through noradrenergic system of the paraventricular nucleus.
LEIBOWITZ, S. F., O. BROWN, J. R. TRETTER and A. KIRSCHGESSNER . 541

Effects of initial body weight on anorexia and tolerance to fenfluramine in rats.
CARLTON, J. and N. ROWLAND 551

Different effects of apomorphine on climbing behavior and locomotor activity in three strains of mice.
CABIB, S. and S. PUGLISI-ALLEGRA 555

The effect of intracerebroventricularly infused satietin on conditioned taste aversion and feeding in rats fasted different lengths.
BELLINGER, L. L. and V. E. MENDEL 559

Altered development of responsiveness to clonidine in severely malnourished rats.
GOODLETT, C. R., M. L. VALENTINO, O. RESNICK and P. J. MORGANE 567

Effect of cocaine and pentylenetetrazol on cortical kindling.
STRIPLING, J. S. and R. D. RUSSELL 573

Chin rub CRs are elicited by flavors associated with apomorphine, scopolamine, methscopolamine, physostigmine and neostigmine.
SMITH, R. J. and L. A. PARKER 583

Effects of pesticides and drugs on working memory in rats: Continuous delayed response.
HEISE, G. A. and J. D. HUDSON 591

Effects of pesticides and drugs on working memory in rats: Continuous non-match.
HEISE, G. A. and J. D. HUDSON 599

Discriminative stimulus properties and brain distribution of phencyclidine in rats following administration by injection and smoke inhalation.
WESSINGER, W. D., B. R. MARTIN and R. L. BALSTER 607

Differences between calcium channel inhibitors in their effects on phencyclidine-induced behavioral stimulation in mice.
GREBB, J. A., K. A. ELLSWORTH and W. J. FREED 613

Behavioral effects of xylamine-induced depletions of brain norepinephrine: Interaction with LSD.
GEYER, M. A., J. GORDON and L. M. ADAMS 619

Effect of calmodulin antagonists on calcium and ethanol-induced sleeping time in mice.
SUTOO, D., K. AKIYAMA and K. IIMURA 627

Brief Communication

Caffeine effects: Interaction of drug and wheelrunning experience.
MELISKA, C. J., R. E. LANDRUM and W. H. LOKE 633

Meeting Report

Introduction 637

CGS 8216 and CGS 9896, novel pyrazoloquinoline benzodiazepine ligands with benzodiazepine agonist and antagonist properties.
BOAST, C. A., E. W. SNOWHILL and J. P. SIMKE 639

Non-benzodiazepine anxiolytics: Potential activity of phenylpiperazines without ^{3}H-diazepam displacing action.
LLOYD, K. G., H. DEPOORTERE, B. SCATTON, H. SCHOEMAKER, B. ZIVKOVIC, PH. MANOURY, S. Z. LANGER, P. L. MORSELLI and G. BARTHOLINI 645

Pharmacological and clinical studies of cyclopyrrolones: Zopiclone and suriclone.
JULOU, L., J. C. BLANCHARD and J. F. DREYFUS 653

Electroencephalographic investigations in rabbits of drugs acting at GABA-benzodiazepine-barbiturate/picrotoxin receptors complex.
MASSOTTI, M. 661

Interaction of benzodiazepine receptor agonists and inverse agonists with the GABA benzodiazepine receptor complex.
KAROBATH, M. and P. SUPAVILAI 671

Pharmacology of pyrazolopyridines.
PATEL, J. B., J. B. MALICK, A. I. SALAMA and M. E. GOLDBERG 675

Heterogeneity of benzodiazepine binding sites: A review of recent research.
HIRSCH, J. D., K. M. GARRETT and B. BEER 681

Pharmacological and clinical effects of buspirone.
TAYLOR, D. P., M. S. EISON, L. A. RIBLET and C. P. VANDERMAELEN 687

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 23 NUMBER 5 NOVEMBER 1985

CONTENTS

Articles

Hypophysial GABA after ether stress, dexamethasone or inhibition of GABA catabolism.
MANEV, H. and D. PERIČIĆ 697

Opioid modulation of feeding behavior following forced swimming exercise in male rats.
DAVIS, J. M., D. R. LAMB, M. T. LOWY, G. K. W. YIM and P. V. MALVEN 701

Opioid modulation of feeding behavior following repeated exposure to forced swimming exercise in male rats.
DAVIS, J. M., D. R. LAMB, G. K. W. YIM and P. V. MALVEN 709

The effect of dopamine receptor agonist treatment on haloperidol-induced supersensitivity in mice.
FAYLE, P., D. M. JACKSON, O. F. JENKINS and P. A. LAFFERTY 715

Food intake suppression by histidine.
SHEINER, J. B., P. MORRIS and G. H. ANDERSON 721

Magnetic fields inhibit opioid-induced feeding in the slug, *Limax maximus*.
KAVALIERS, M., K.-P. OSSENKOPP and A. MATHERS 727

Intracerebroventricular drug administration in pigeons.
FRANCE, C. P., J. U. ADAMS and J. H. WOODS 731

The effects of PK 11195, a ligand for benzodiazepine binding sites, in animal tests of anxiety and stress.
FILE, S. E. and S. PELLOW 737

The effects of phencyclidine and ketamine on sensory thresholds and reaction times in the baboon.
LUKAS, S. E., R. D. HIENZ and J. V. BRADY 743

Potentiation of cold-water swim analgesia by acute, but not chronic desipramine administration.
BODNAR, R. J., P. E. MANN and E. A. STONE 749

Combined inhibition of serotonin uptake and oxidative deamination attenuates audiogenic seizures in DBA/2J mice.
SPARKS, D. L. and N. S. BUCKHOLTZ 753

Intravenous self-administration of pentobarbital and ethanol in rats.
DENOBLE, V. J., P. C. MELE and J. H. PORTER 759

Acute effects of marihuana on luteinizing hormone in menopausal women.
MENDELSON, J. H., P. CRISTOFARO, J. ELLINGBOE, R. BENEDIKT and N. K. MELLO 765

Electric footshock-induced changes in behavior and opioid receptor function.
NABESHIMA, T., K. MATSUNO, H. KAMEI, Y. NODA and T. KAMEYAMA 769

Relative effectiveness of pimozide, haloperidol and trifluoperazine on self-stimulation rate-intensity functions.
LYNCH, M. R. and R. A. WISE 777

Methamphetamine, physostigmine, atropine and mecamylamine: Effects on force lever performance.
PRESTON, K. L., C. R. SCHUSTER and L. S. SEIDEN 781

Possible dissociation of central dopamine receptor antagonism and cataleptic behavior.
HRUSKA, R. E. 789

Effects of opioid antagonists and their quaternary derivatives on locomotor activity and fixed ratio responding for brain self-stimulation in rats.
SCHAEFER, G. J. and R. P. MICHAEL 797

Phencyclidine-induced dopamine-dependent behaviors in chronic haloperidol-treated rats.
YAMAGUCHI, K., T. NABESHIMA, M. AMANO, S. YOSHIDA, H. FURUKAWA and T. KAMEYAMA 803

Effects of inhibitors of carbohydrate absorption or lipid metabolism on meal patterns of Zucker rats.
DREWNOWSKI, A., J. A. GRINKER, R. GRUEN and A. C. SULLIVAN 811

Cocaine potentiates the disruptive effects of phencyclidine on repeated acquisition in monkeys.
THOMPSON, D. M. and P. J. WINSAUER 823

Locomotor effects of cocaine, cocaine congeners, and local anesthetics in mice.
REITH, M. E. A., B. E. MEISLER and A. LAJTHA 831

Concurrent heroin self-administration and intracranial self-stimulation in rats.
GERBER, G. J., M. A. BOZARTH, J. E. SPINDLER and R. A. WISE 837

Effects of 6-OHDA lesions of the central medial nucleus accumbens on rat intravenous morphine self-administration.
SMITH, J. E., G. F. GUERIN, C. CO, T. S. BARR and J. D. LANE 843

Brief Communication

The role of physical activity in nicotine's effects on body weight.
GRUNBERG, N. E. and D. J. BOWEN 851

Meeting Report

Endorphins and behavioural processes 855

Introduction to symposium on endorphins and behavioural processes; Review of literature on endorphins and exercise.
STEINBERG, H. and E. A. SYKES 857

Opiate dependence and withdrawal—A new synthesis?
HENDRIE, C. A. 863

Mu and kappa opiate receptor involvement in agonistic behaviour in mice.
BENTON, D. 871

Motivational effects of opioids: Evidence on the role of endorphins in mediating reward or aversion.
STOLERMAN, I. P. 877

Social conflict analgesia: Studies on naloxone antagonism and morphine cross-tolerance in male DBA/2 mice.
RODGERS, R. J. and J. I. RANDALL 883

Endorphins and food intake: *Kappa* opioid receptor agonists and hyperphagia.
COOPER, S. J., A. JACKSON and T. C. KIRKHAM 889

Announcements 903

CONTENTS

Articles

Social behaviour in pairs of C57BL/6 mice of both sexes in the open field: Effects of saline drinking and of naloxone.
VICKERS, C. and A. T. PATERSON 905

Neuroleptic-induced catalepsy: A D_2 blockade phenomenon?
KLEMM, W. R. 911

Similarities in feeding behavior of chronic methamphetamine treated and withdrawn rats to VMH lesioned rats.
KRAEUCHI, K., K. RUDOLPH, A. WIRZ-JUSTICE and H. FEER 917

Chronic clorgyline and pargyline increase apomorphine-induced stereotypy in the rat.
CAMPBELL, I. C., M. J. DURCAN, R. M. COHEN, D. PICKAR, D. CHUGANI and D. L. MURPHY 921

Ethanol-chlordiazepoxide interactions in the rat.
SCHECHTER, M. D. and D. M. LOVANO 927

Morphine applied to the ventral tegmentum differentially affects centrally and peripherally induced aversive effects.
MOREAU, J.-L., P. SCHMITT and P. KARLI 931

Mechanistic studies on DOM as a discriminative stimulus.
GLENNON, R. A. and A. E. HAUCK 937

Effects of quipazine and of tryptamine on self-stimulation of median raphé nucleus and of lateral hypothalamus in rats.
BROADBENT, J. and A. J. GREENSHAW 943

Amphetamine-haloperidol discrimination: Effects of chronic drug treatment.
HAENLEIN, M., W. F. CAUL and R. J. BARRETT 949

Effects of intracerebroventricular injection of delta sleep-inducing peptide (DSIP) and an analogue on sleep and brain temperature in rats at night.
OBÁL, F., JR., A. TÖRÖK, P. ALFÖLDI, G. SÁRY, M. HAJÓS and B. PENKE 953

Tolerance to alcohol's anticonvulsant effect is not under Pavlovian control.
PINEL, J. P. J. and S. PUTTASWAMAIAH 959

[^{3}H]-Flunitrazepam binding in the presence of β-phenylethylamine and its metabolites.
SMITH, T. M. 965

The effect of cold-restraint stress on gastric emptying in rats.
KOO, M. W. L., C. W. OGLE and C. H. CHO 969

Autoradiographic demonstration of the selectivity of two 1-N-trifluoroethyl benzodiazepines for the BZD-1 receptors in the rat brain.
WAMSLEY, J. K., J. S. GOLDEN, H. I. YAMAMURA and A. BARNETT ... 973

An ethological analysis of the effects of tifluadom on social encounters in male albino mice.
BRAIN, P. F., R. SMOOTHY and D. BENTON 979

Binding characteristics of (−)- and (+)-nicotine to the rat brain P_2 fraction.
SLOAN, J. W., W. R. MARTIN, J. HERNANDEZ and R. HOOK 987

The effects of acute and repeated clonidine administration on fixed-interval performance in rhesus monkeys.
WESSINGER, W. D. and R. L. BALSTER 995

Neurobehavioral effects of repeated sublethal soman in primates.
GAUSE, E. M., R. J. HARTMANN, B. Z. LEAL and I. GELLER 1003

Effects of psychoactive drugs on conditioned avoidance response in Mongolian gerbils (Meriones unguiculatus): Comparison with Wistar rats and dd mice.
KURIBARA, H. and S. TADOKORO 1013

The effects of Org 2766 on the performance of sham, neocortical, and hippocampal-lesioned rats in a food search task.
HANNIGAN, J. H., JR. and R. L. ISAACSON 1019

Disruption of cocaine and heroin self-administration following kainic acid lesions of the nucleus accumbens.
ZITO, K. A., G. VICKERS and D. C. S. ROBERTS 1029

Buprenorphine effects on food-maintained responding in Macaque monkeys.
MELLO, N. K., M. P. BREE, S. E. LUKAS and J. H. MENDELSON 1037

Tyr-MIF-1, identified in brain tissue, and its analogs are active in two models of antinociception.
KASTIN, A. J., E. STEPHENS, J. E. ZADINA, D. H. COY and A. J. FISCHMAN 1045

Delta-9-tetrahydrocannabinol potentiates the disruptive effects of phencyclidine on repeated acquisition in monkeys.
THOMPSON, D. M. and P. J. WINSAUER 1051

Brief Communications

Morphine dependence and protracted abstinence: Regional alterations in CNS radioligand binding.
CARLSON, K. R. and D. O. COOPER 1059

Naloxone and fluid-consumption in rats: Dose-response relationships for 15 days.
OLSON, G. A., S. W. DELATTE, A. J. KASTIN, J. H. McLEAN, D. F. PHILLPOTT and R. D. OLSON 1065

Chlordiazepoxide and morphine reduce pressor response to brain stimulation in awake rats.
BRANDÃO, M. L., E. C. VASQUEZ, A. M. CABRAL and P. SCHMITT 1069
